

A full-page background image featuring a vast field of golden wheat in the foreground. In the distance, a line of trees is silhouetted against a bright, low sun. The sky is a mix of deep blue and orange, with wispy clouds and a single, sharp lightning bolt striking down on the right side.

My profession make
Ukraine stronger.

**"I like to work with wood
because it is warm and
it is elusive soul ..."**

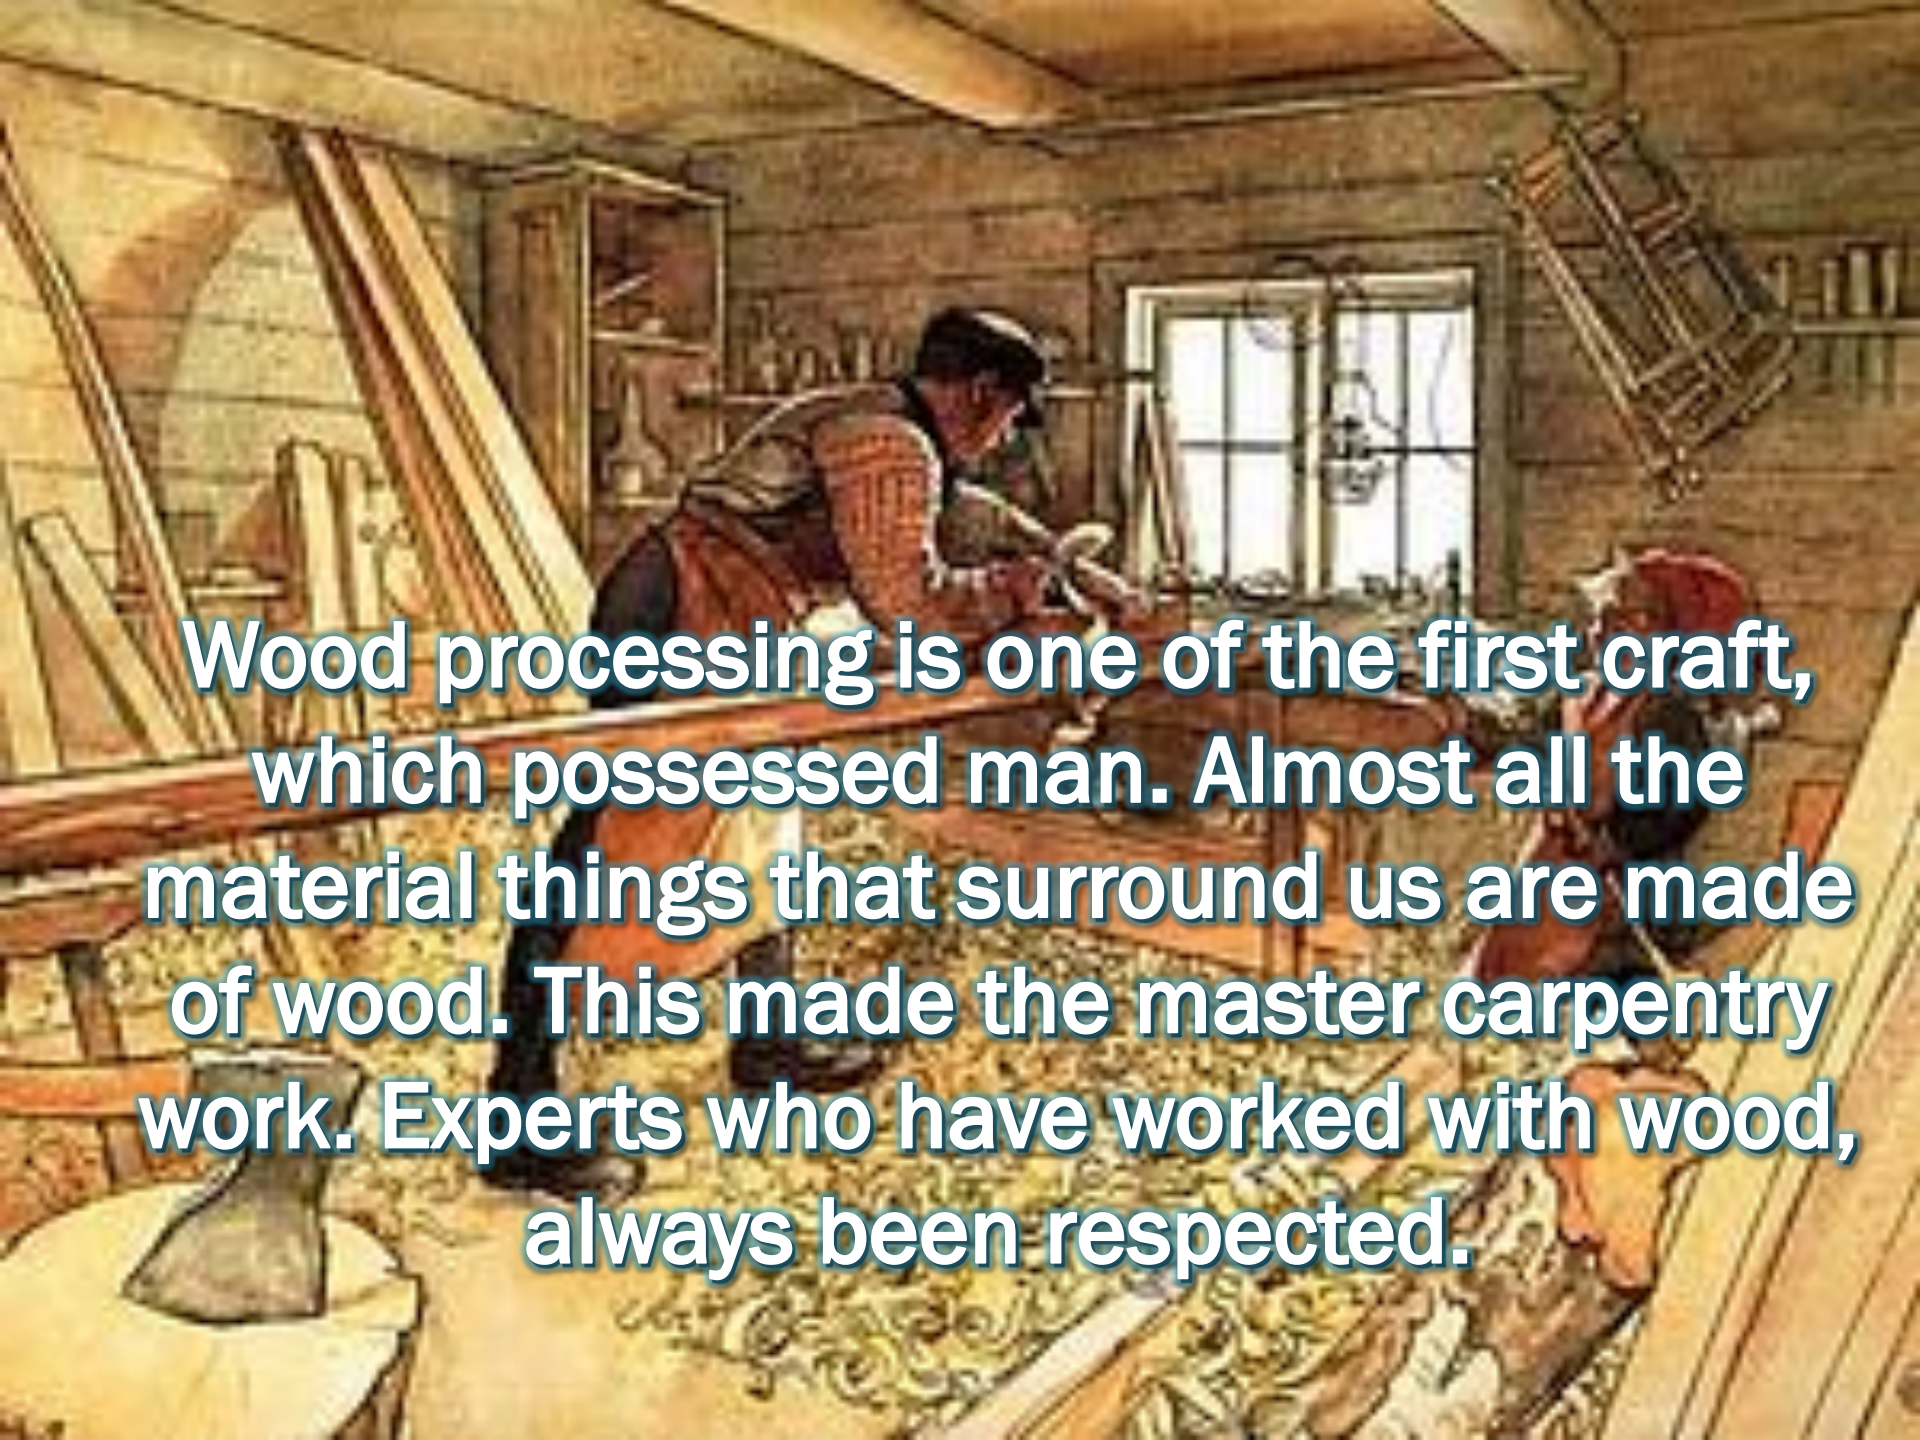

My profession, carpenter.
I am very proud of my profession, which
I teach talented craftsmen.

I go training with joy.
After a day in front of me all the new
secrets revealed Stolyarskiy skill.

1. I like to work with wood because it is warm and it is elusive soul.

2. I get great joy at work and my soul is filled with pride when I see the results of their work.

A detailed illustration of a woodworker in a workshop. The craftsman, wearing a dark cap and a brown apron over a patterned shirt, is bent over a workbench, using a hand plane to smooth a piece of wood. The workshop is filled with various wooden materials: long planks lean against the left wall, and a large, arched opening in the background reveals a storage area with more wood. A window with multiple panes is visible behind the worker, letting in light. To the right, a wooden ladder is propped against the wall. In the foreground, a large pile of wood shavings and a piece of wood with a decorative carved end are visible. An axe is placed on a wooden stump in the lower-left corner. The overall scene conveys a sense of traditional craftsmanship and the abundance of wood in the workshop.

Wood processing is one of the first craft, which possessed man. Almost all the material things that surround us are made of wood. This made the master carpentry work. Experts who have worked with wood, always been respected.

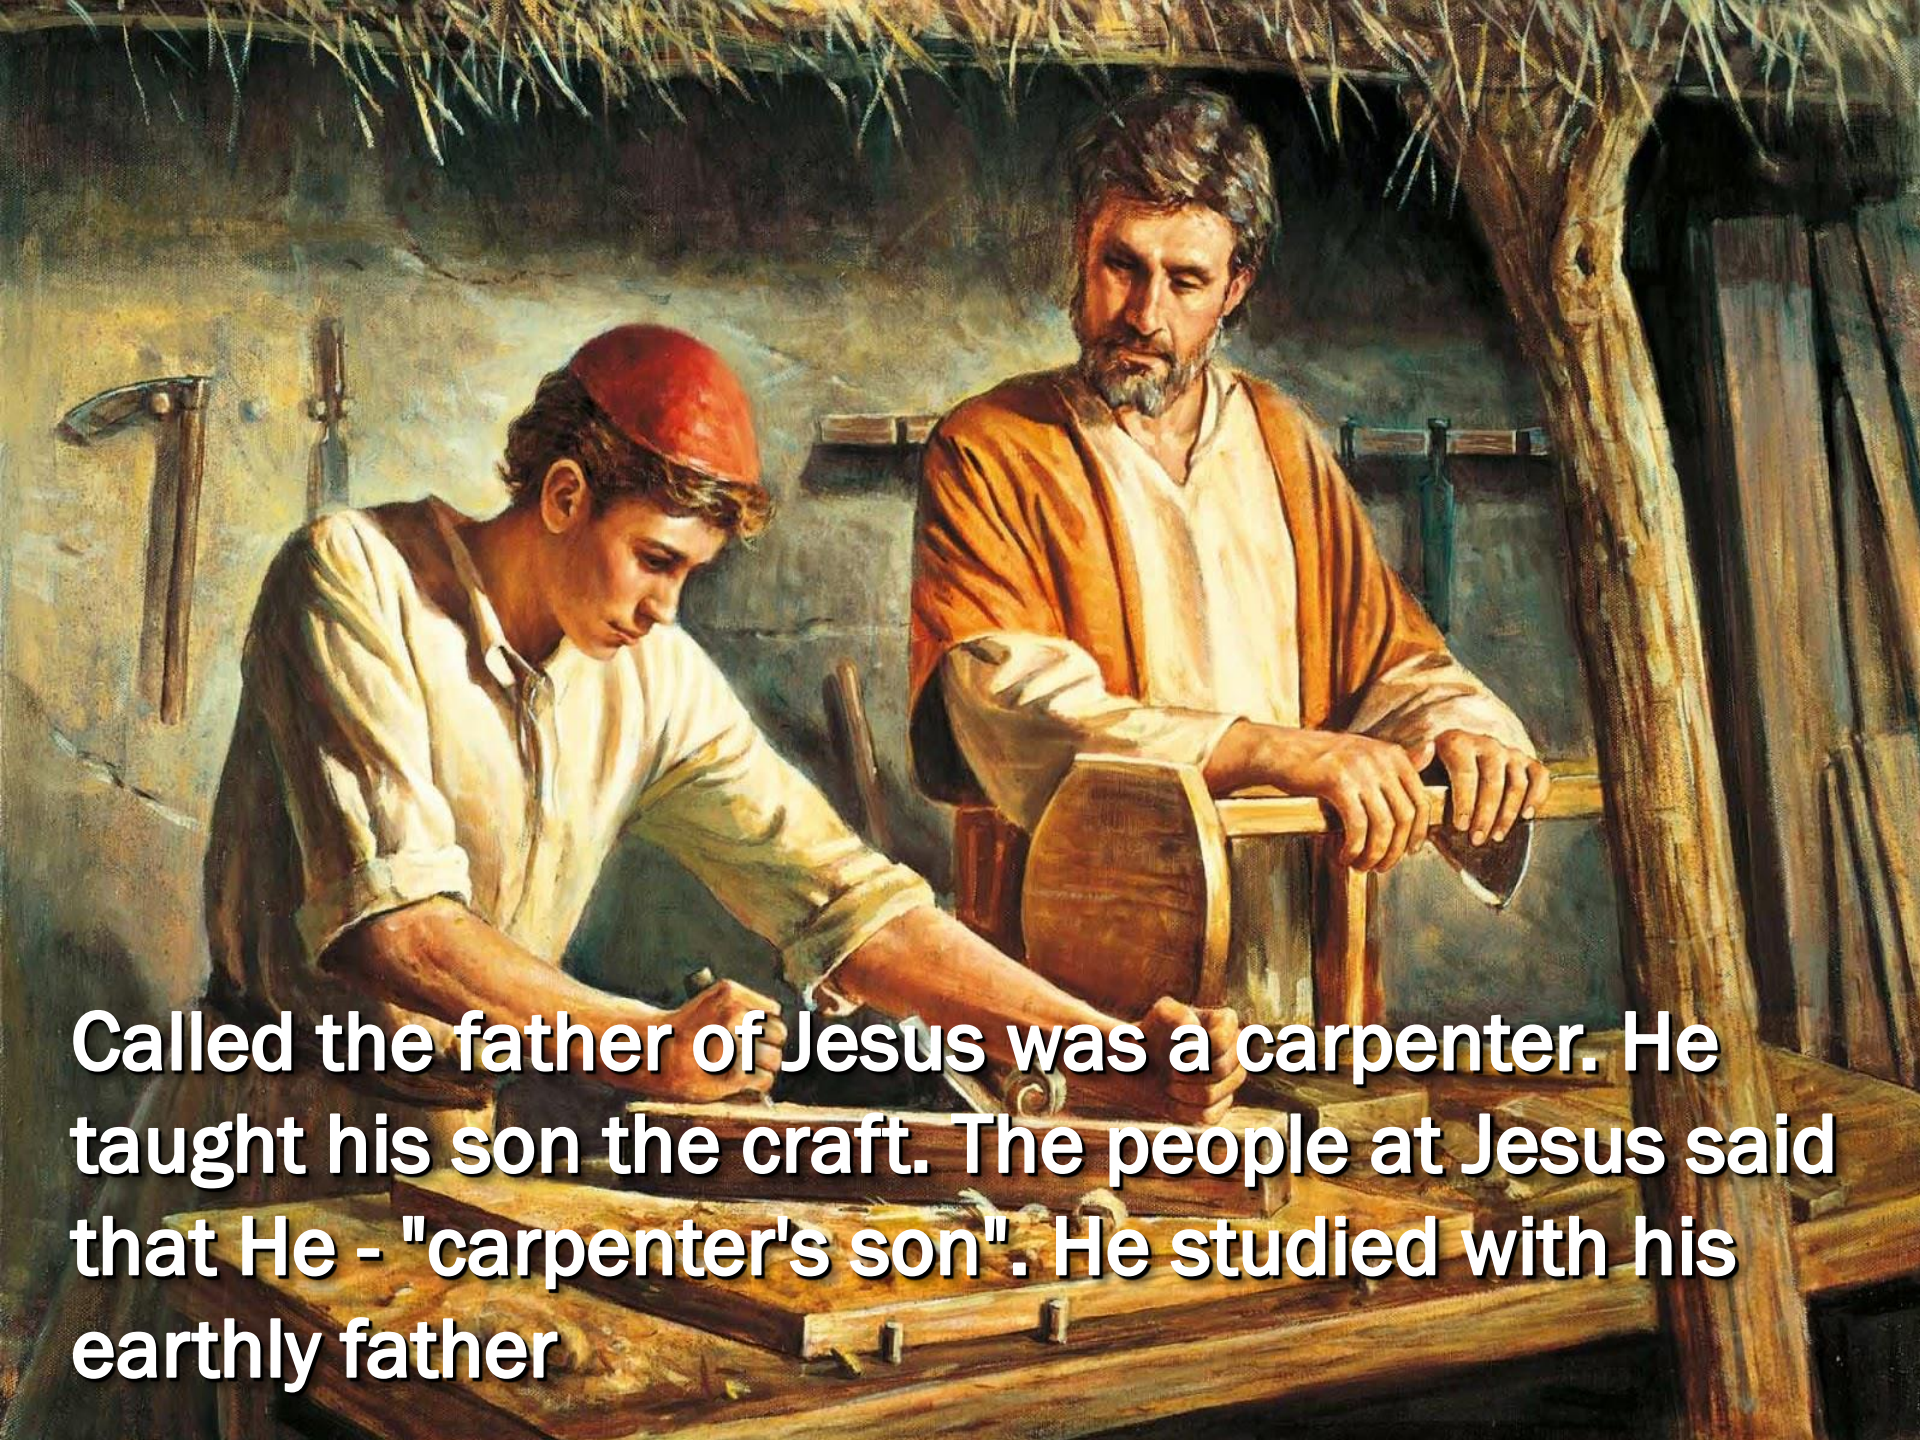

The ability of a material to store heat,
breathe in the unique beauty of the cut -
these natural properties valued forever.

Tree due to its ecological properties
are always popular

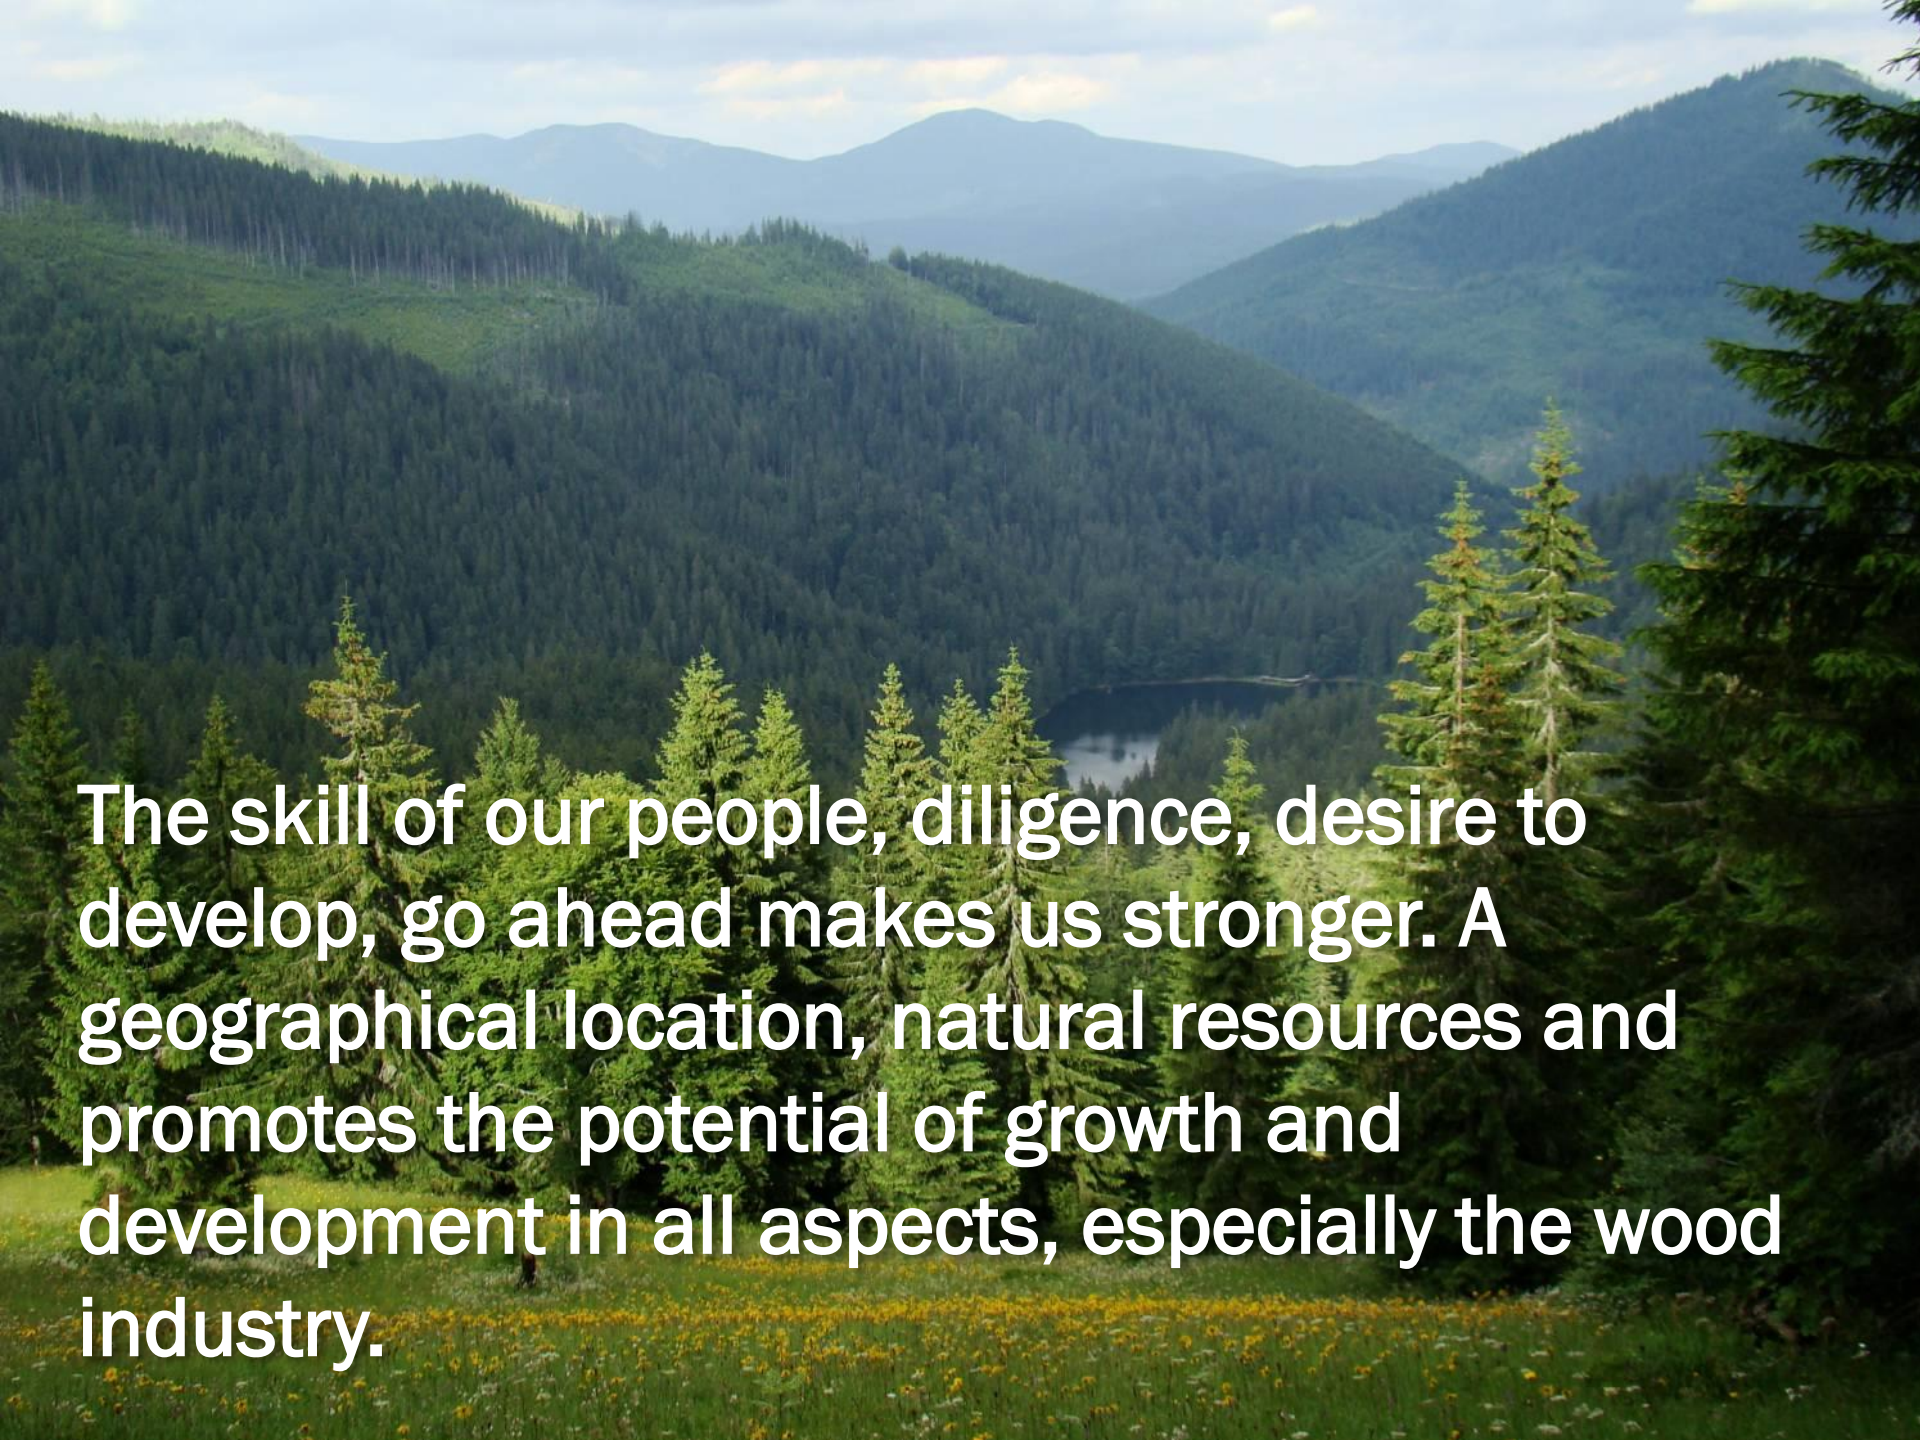

Designed using wooden elements
incredibly popular nowadays.

The image displays a variety of wooden crafts in an outdoor garden. In the background, a wooden cabinet features two panels with carved figures and an owl on top. To its right is a large, detailed carving of a ram's head. In the foreground, a wooden table holds a chess set, and a small wooden table has a carved bird on it. Several wooden chairs with cushions are also visible. The scene is set against a backdrop of green plants and a building with a window.

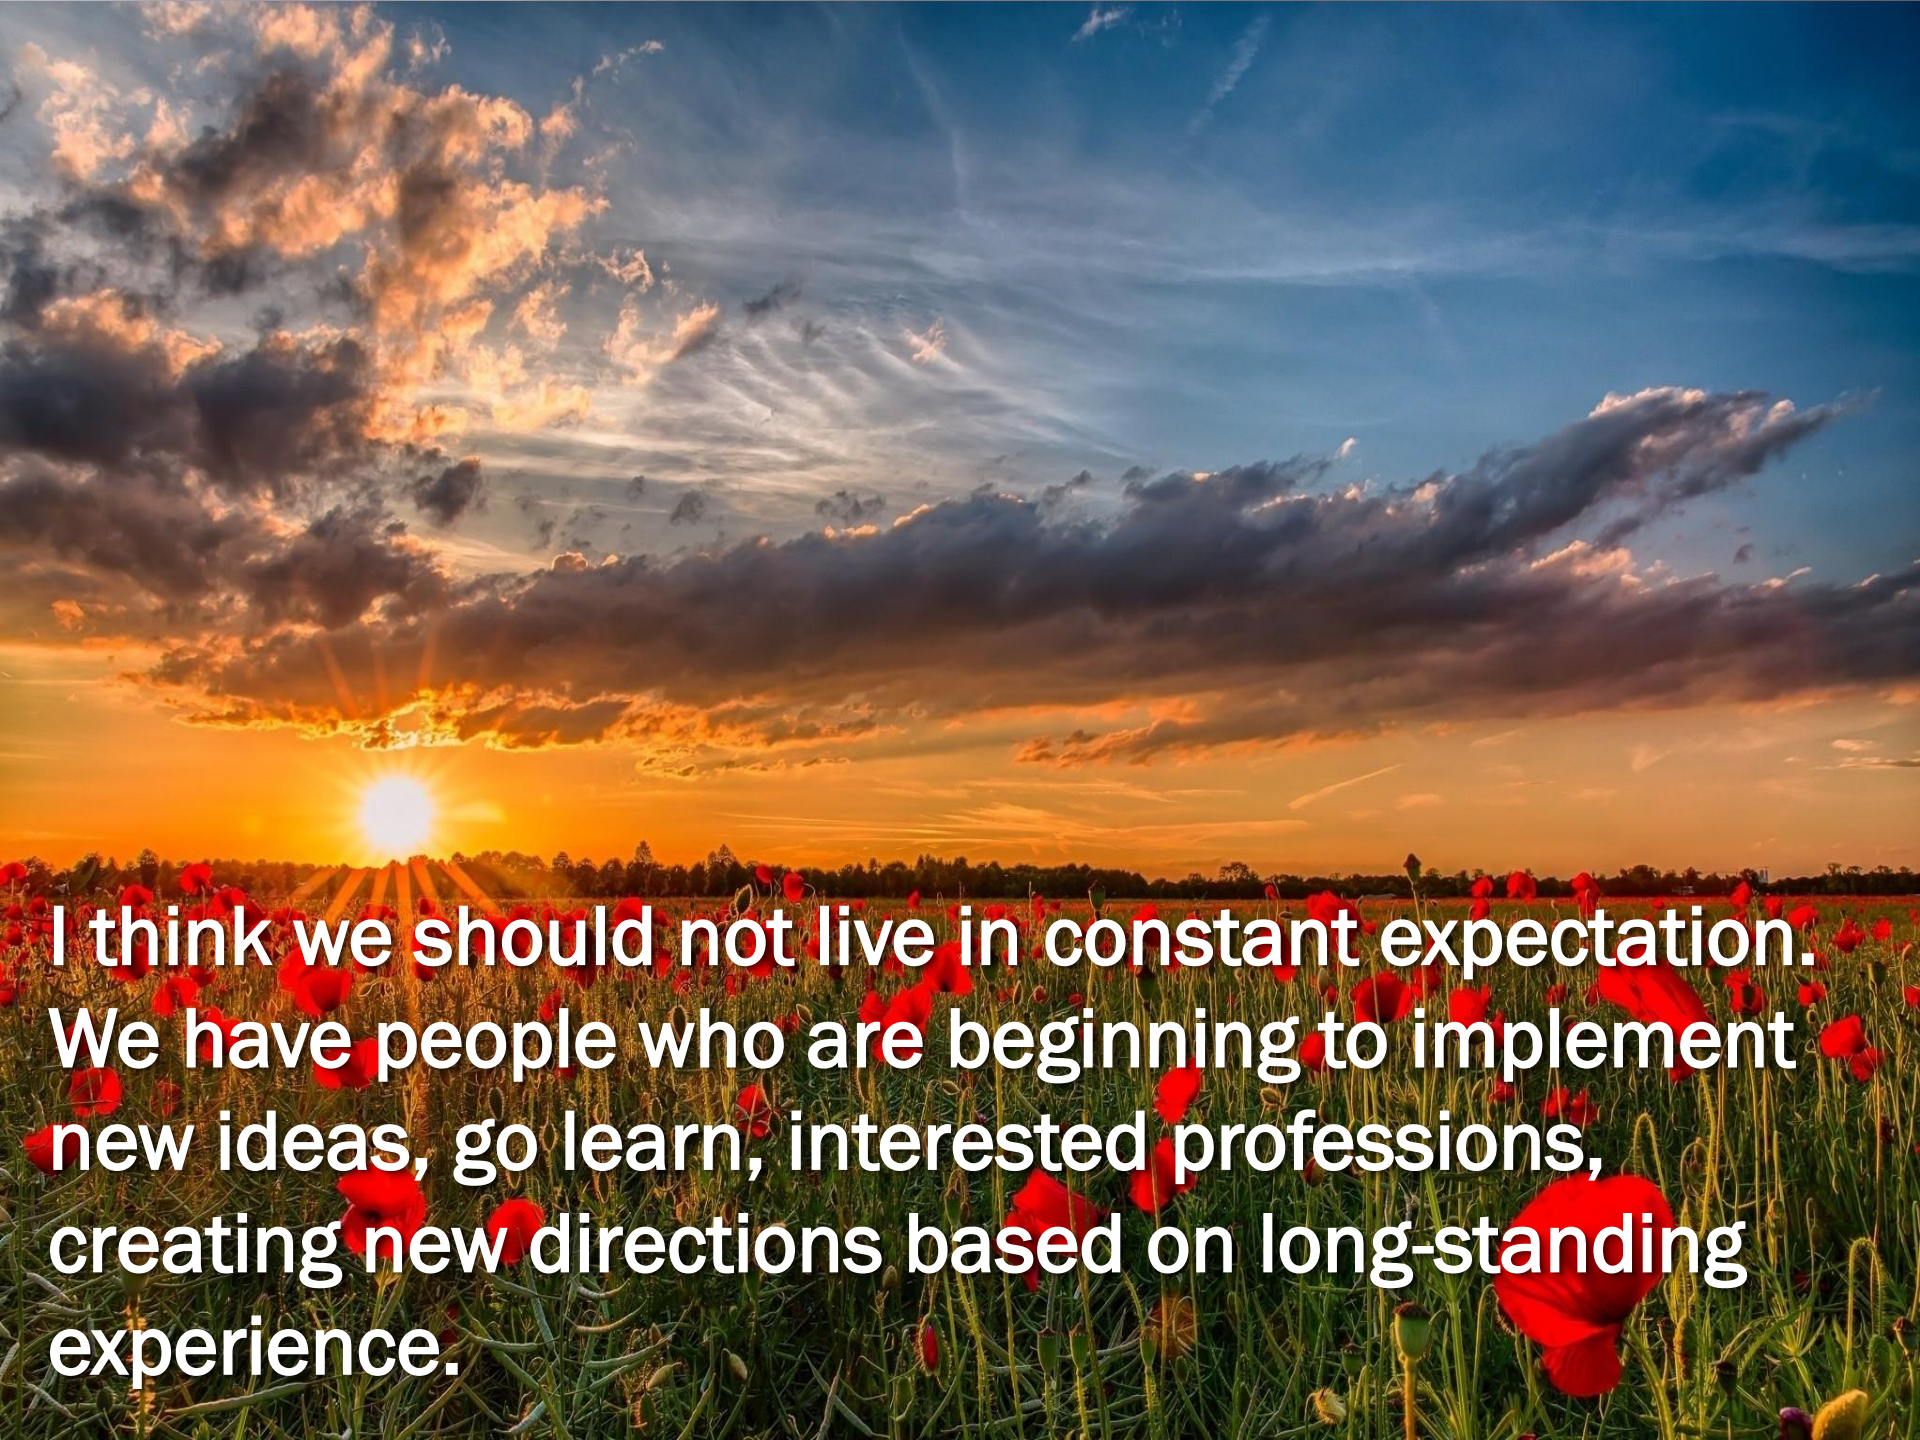

No construction can not do without carpenter. From his skills, professional skills, aesthetic taste depends of the building or premises. Carpenter - multidisciplinary profession. He can do the job joiner; in the manufacture of furniture, joiners work Mebelschchiki; repair and manufacture of highly performing products from wood restorers and cabinetmakers.

Called the father of Jesus was a carpenter. He taught his son the craft. The people at Jesus said that He - "carpenter's son". He studied with his earthly father

The skill of our people, diligence, desire to develop, go ahead makes us stronger. A geographical location, natural resources and promotes the potential of growth and development in all aspects, especially the wood industry.

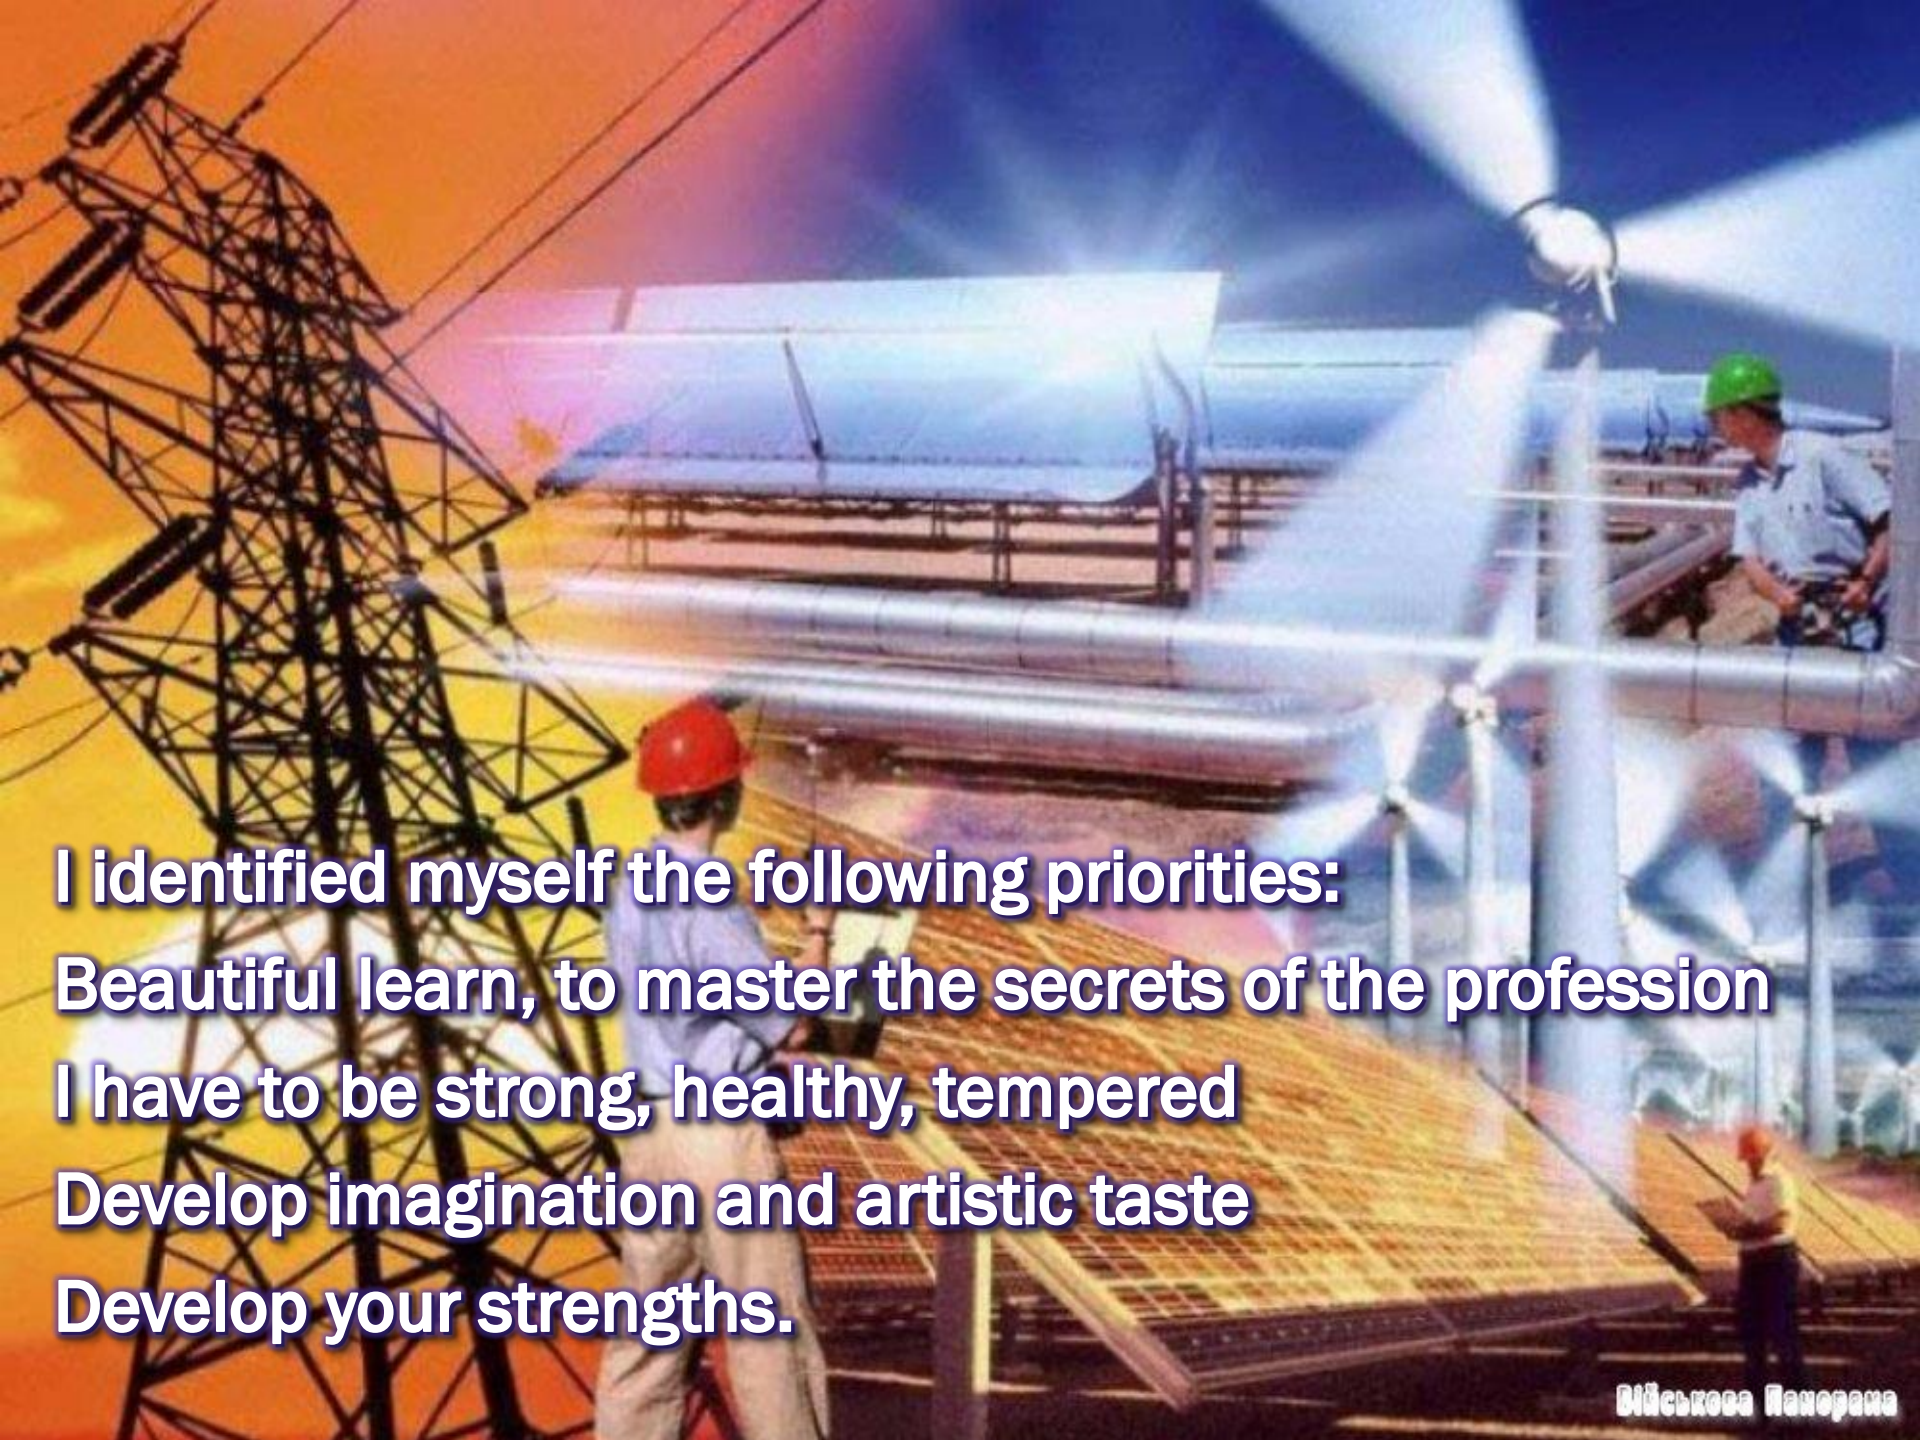

I think we should not live in constant expectation. We have people who are beginning to implement new ideas, go learn, interested professions, creating new directions based on long-standing experience.

I've thought about my profession as tym- can make
Ukraine stronger.

I decided to start with yourself.

What features should I educate myself to become a
true expert and professional?

I identified myself the following priorities:
Beautiful learn, to master the secrets of the profession
I have to be strong, healthy, tempered
Develop imagination and artistic taste
Develop your strengths.

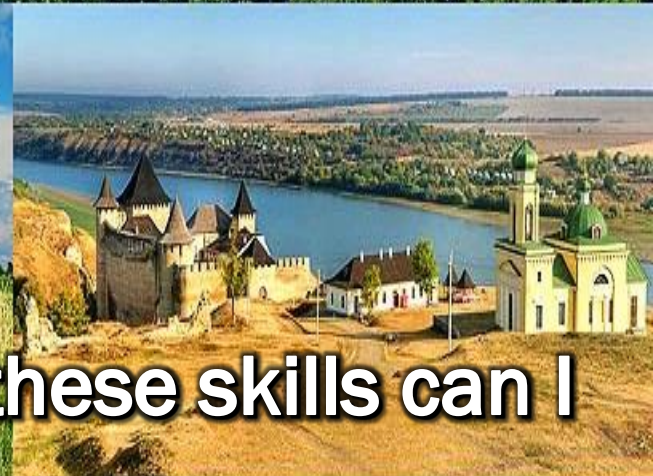

A person is walking away from the viewer on a path that appears to be made of light or fire, set against a dark, misty, and blue-toned background. The person is holding a torch aloft in their right hand, which illuminates the path ahead. The overall atmosphere is mysterious and inspirational.

Also vthovuvaty a following features

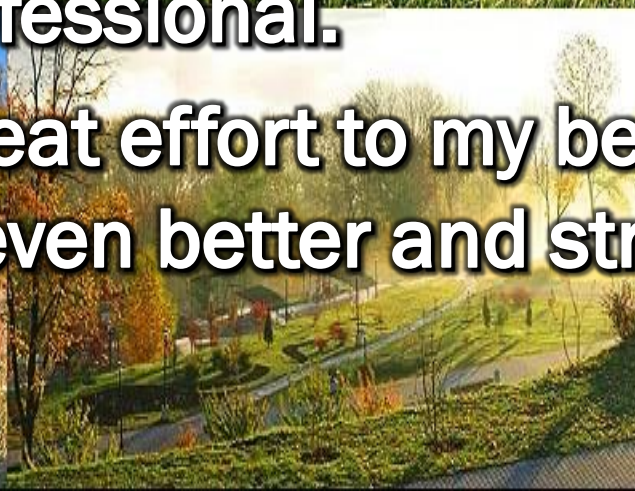

- ✓ ndependence
- ✓ Confidence
- ✓ Persistence
- ✓ Understanding yourself.
- ✓ Optimism
- ✓ The ability not to despair
- ✓ Clearly go to his dream

It should clearly support projects that help to increase the capacity of the wood industry. Moreover, Rivne region has good resources for this purpose - raw materials and labor

- Reaching goals and mastering these skills can I become a professional.
- And attach great effort to my beautiful Ukraine has become even better and stronger.

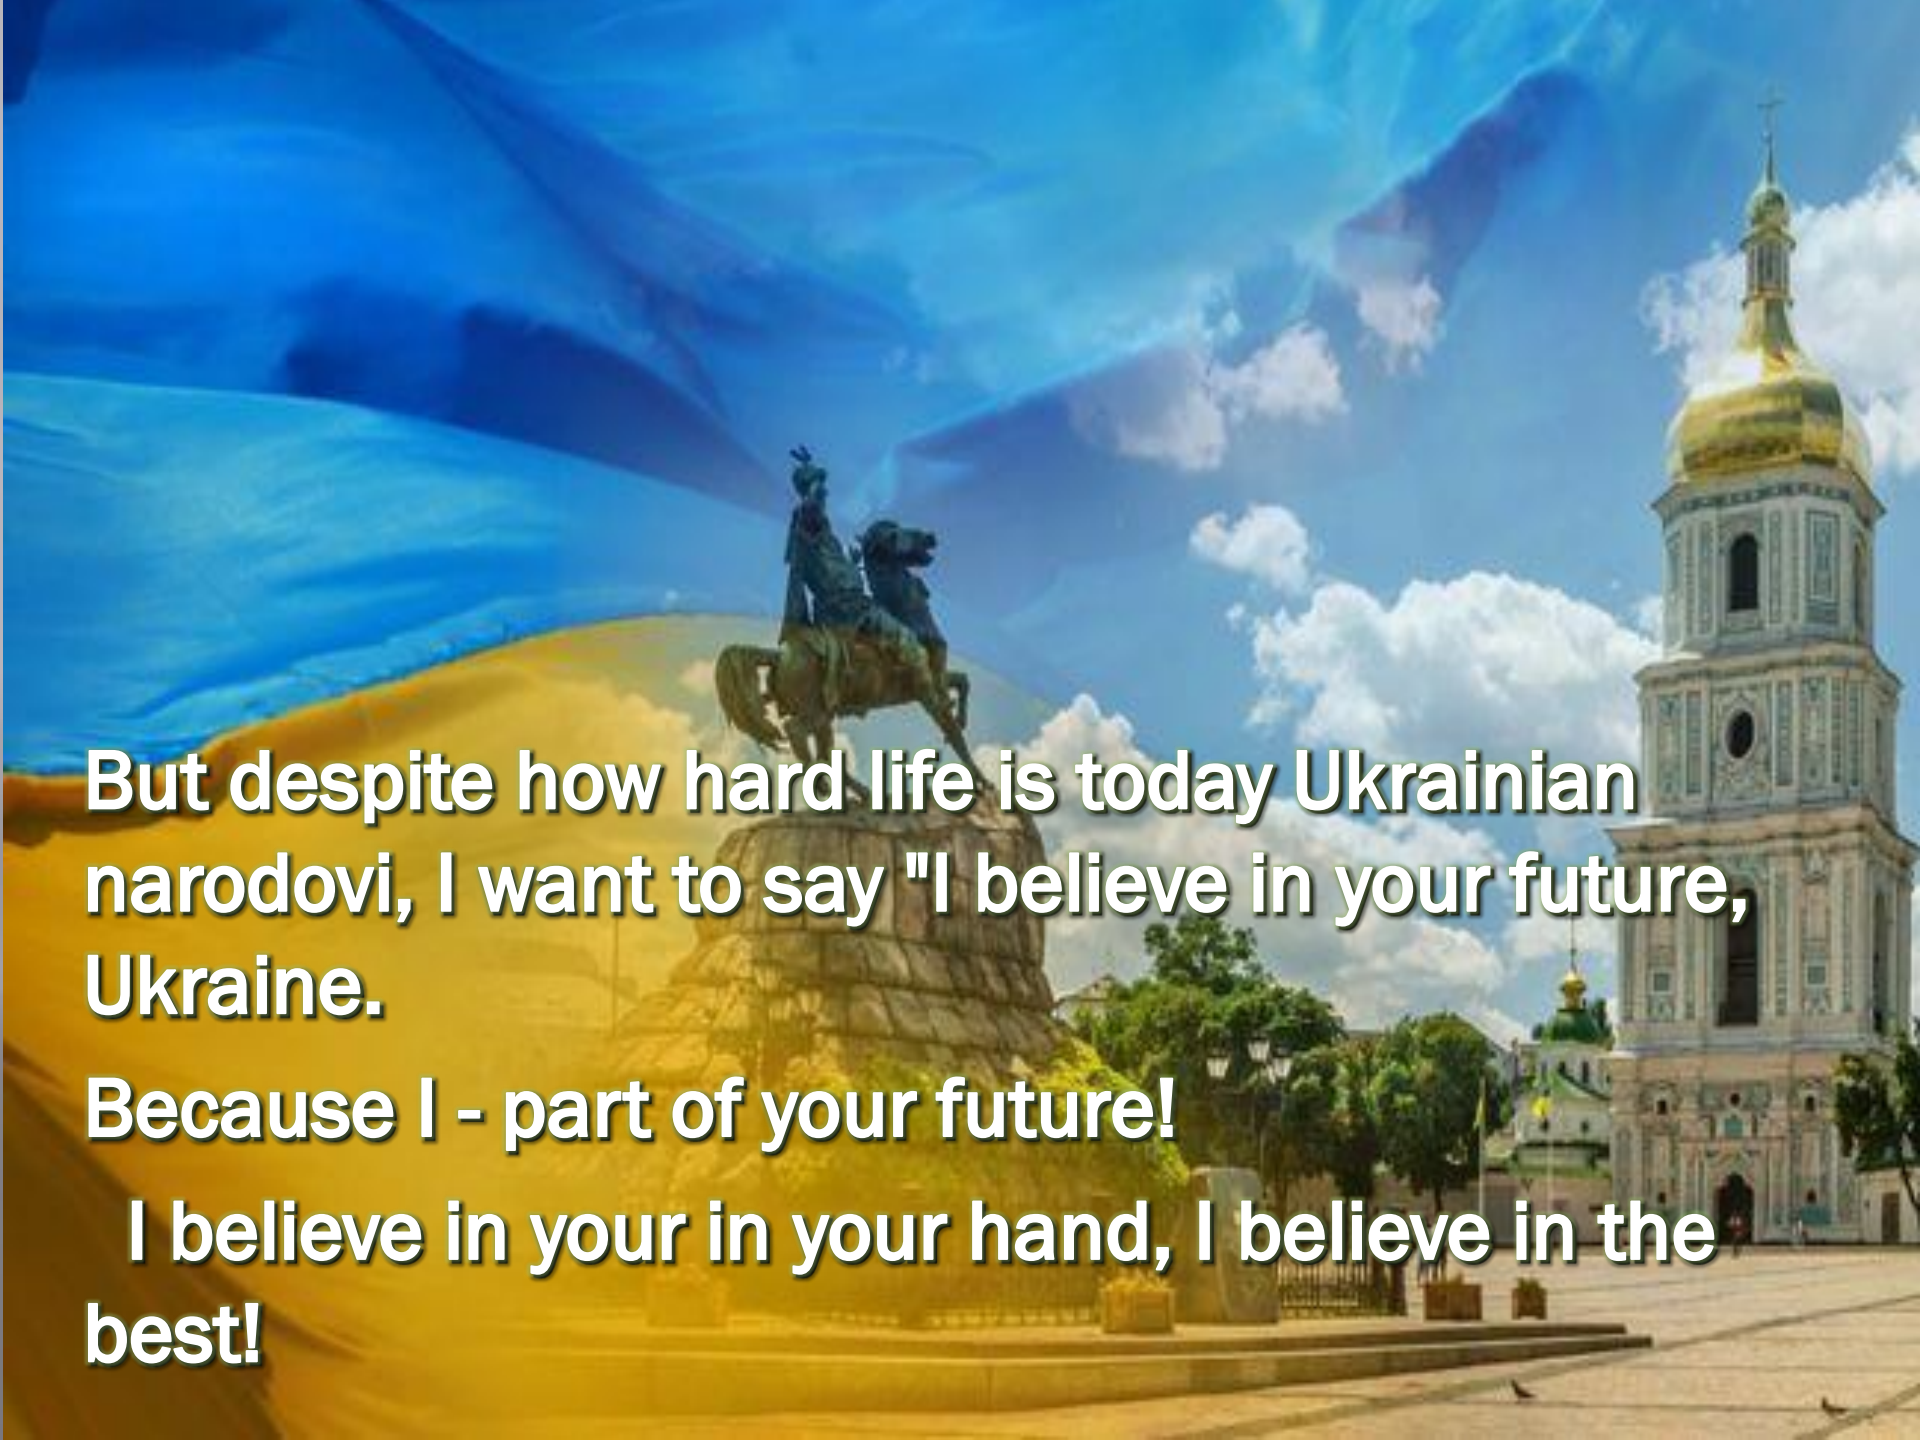

I'm still learning, but I have some experience in working with wood.

- 
- A large solar panel array is being moved by a crane in a desert landscape. The array is made of many small, rectangular panels connected by a metal frame. It is being lifted by a crane with a long boom. The ground is dry and sandy, and the sky is clear and blue. In the background, there are some trees and a building.
- ✓ I also believe that not only the ordinary citizen can do something for the country.
 - ✓ It is necessary to state-level
 - ✓ Stimulated the development of alternative energy, and strive facilitate reorientation of public markets for products of local producers, particularly in the framework of the agreement with the EU.

Soon we zaburlyt interesting, colorful, full of life full content, clean, free and independent, competitive and does not seem capable of that, this earlier visions.

**But despite how hard life is today Ukrainian
narodovi, I want to say "I believe in your future,
Ukraine.**

Because I - part of your future!

**I believe in your in your hand, I believe in the
best!**
